VINTAGE SERIES REFRIGERATORS

MRS330-09

Single Door Fridge and Freezer

The Chambers Vintage Retro Single Door Fridge Freezer is an updated twist on the iconic 50's style. The timeless design cues like the rounded corners and the nostalgic chrome handle accent makes a stunning visual statement in home or office. While it doesn't take up a lot of space, the extra height adds lots of refrigerator space and a convenient freezerette to make this a truly functional addition to your space. With a commercial design heritage this is a solidly built fridge. Available in a range of designer and retro colors, this really goes beyond the ordinary.
